Kids Club is a weekly nature based drop-off club for primary school aged children aged 5 to 12 years. Kids Club encourages independence and self-growth. Parents and guardians can relax in the cafe or return at the completion of each session. Cleland is the perfect setting to engage in nature play and develop a relationship and appreciation for nature while exploring social interactions with other children.

Each week children will engage in hands on nature play and will be involved in different activities that will promote a new educational adventure such as exploration, arts, stem activities, making, collecting, building, and social skills explorations.
